The workers of the communications sector attended the parade for the International Workers' Day in a united, committed and victorious way.

A few hours before the Workers' Day Parade, I feel proud to belong to the Communications sector, with a staff of revolutionary workers, with a sense of belonging and a victory spirit. We will all say: Stop the Yankee Blockade! @MINCOMCuba, wrote the Communications Minister on his Twitter account.

The Army General, Raul Castro Ruz, first secretary of the Central Committee of the Communist Party of Cuba, and Miguel Diaz-Canel Bermudez, president of the Councils of State and Ministers presided over the crowd at the "Jose Marti" Revolution Square of Havana, on the occasion of the International Workers' Day.
