List of RLAN devices for natural persons
Source:
Dirección de Comunicación Institucional del Mincom

The Ministry of Communications, on its institutional website www.mincom.gob.cu [1], in the Legal Framework section https://www.mincom.gob.cu/es/marco-legal [2], provides the public with the List of some of the devices for high-speed wireless data networks (RLAN), in the frequency bands from 2400 to 2483.5 MHz and 5725 to 5850 MHz that comply with the provisions of Resolution 98/19 and can be authorized for importation by natural persons from July 29th, 2019.

This list will be kept up to date.

Additionally, you can consult or download the List of devices itself.
