At the Wuhan Institute of Technology, China, during October, the Seminar on Broadband Networking was held. Cuba attended the course with a delegation made up of specialists from the Ministry of Communications and entities of the sector such as Desoft, OSRI, and SEPCOM. In this context, there was a presentation of Informática 2020.

The call to participate in the 18th edition of the International Convention and Fair Informática 2020, to be held from March 16 to 20, 2020 in Havana, Cuba was welcomed by the attending countries, those who appreciated the information and were interested. Informática 2020, under the slogan "For digital transformation", is an event organized by the Ministry of Communications and the Informatics Union of Cuba.
