Joven Club continues building work bonds with the Cuban Historians Union, which is an essential pillar to safeguard the nation's historic memories.

Today, as part of the Historian's Day celebrations in Cuba, the Ministry of Communications congratulates Cuban Historians because in 1935, on this very day, the Doctor Emilio Roig de Leuchsenring, who was a renowned historian and promoter of National Congresses of History back then, was appointed as the first Historian of Havana City.
