Cuba keeps making progress in the computerization of society. Transfermóvil, the Cuban e-Payment platform, reached 1 million users.

Mayra Arevich Marin, executive president of the Cuban Telecommunications Company (ETECSA) tweeted: “Today we reach 1 million users on Transfermóvil, the payment platform renowned in Cuba. Its presence speeds up the computerization of Cuban society. We work to improve it constantly and to add more services to it. #VamosPorMás (#WeAimHigher) #Cuba
