Desoft, a computer applications company, celebrates its 24th anniversary today. The Ministry of Communications extends its congratulations to all its workers.

The Vice Minister of Communications, Grisel Reyes León, from her official Facebook account wrote: Congratulations to the company Desoft, which today is celebrating its 24th anniversary. Desoft is represented throughout the country, with more than two thousand specialists. It offers services and solutions to the business sector, as well as to the budget sector. During all these years it has advanced and improved both its internal management and its portfolio of services. It has strengthened the management of its human capital and consolidated its quality management system. It has strengthened its links with other entities and with non-state forms of management. Always with its click to the future, it contributes to the process of informatization of society. #CubaVive #CubaInformatizes

Minister of Communications Mayra Arevich Marín congratulates the Desoft collective from her official Twitter account: Congratulations to @desoft_empresa on its 24th anniversary. Collective of professionals committed to the process of digital transformation and that provides its services and solutions with quality, both to the business sector, as well as to the budgeted sector.
