Congratulations to the combatants and workers of the Ministry of the Interior on its 61st anniversary of its creation!

It is an appropriate occasion to highlight the words of Commander-In-Chief Fidel Castro Ruz, in the commemorative act of the 10th anniversary of the creation of the #MININTCuba (1971): "We want to point out, first of all, that the comrades of the Ministry of Internal Affairs wage a ceaseless war, day by day, hour by hour, minute by minute. They have been waging it for 10 years. They have been waging it for even more years, when the seed of what would later become the Ministry of the Interior was formed. An incessant struggle against an enemy that gives no truce in any sense, both in the field of practical activity and in ideological activity: it is imperialism, it is the counterrevolution."
