Dirección de Comunicación Institucional

Within the framework of the Cuba-US bilateral conference, the ICT Panel is being held, with the participation of state and private entities of this sector and representatives of other organizations and entities of other sectors of the national economy that participate in the development of the informatization of the country. The panel is chaired by the Vice Minister of Communications, Ernesto Rodríguez Hernández.

First Deputy Minister of Communications, Wilfredo González Vidal, wrote on his official Twitter account: "Cuban software industry participates in the business forum #Cuba and #USA, the potentialities and skills of our companies and highly qualified human resources are exposed #CubaViveYTrabaja."

The Cuba-U.S. business forum is organized by the Cuban Chamber of Commerce and the Focus Cuba group.
