Congratulations to the Grupo Empresarial de la Informática y las Comunicaciones (IT and Communications Business Group) on its 9th Anniversary

On January 5th, the Grupo Empresarial de la Informática y las Comunicaciones (GEIC) comes to its 9th Anniversary. GEIC is a Superior Organization of Business Management (OSDE), whose fundamental activity is linked to information and communications, and the development of ICT products and services for medium and large companies, with quality and competitive costs, in order to make access to the information and knowledge society a universal right, satisfy domestic consumption and increase exports.

Minister of Communications Mayra Arevich Marín, from her official account on X wrote: Congratulations to the workers of @GEIC_DICE on their #9th Anniversary. United and committed collective of the @MINCOMCuba system, which drives the development of products and services of the #ICT and IT industry. #CubaForDigitalTransformation

Happy #9th Anniversary to the employees of Grupo Empresarial de la Informática y las Comunicaciones!
